

**SAFETY DATA SHEET: EU Urinalysis Drugs of Abuse Enzyme Immunoassay and Enzymatic Assay Reagents**

**SECTION 1: PRODUCT & SUPPLIER IDENTIFICATION**

**Lin-Zhi International, Inc. (LZI)**

Company Address:	Company Telephone:	(408) 970-8811
2945 Oakmead Village Court	Company Fax:	(408) 970-9030
Santa Clara, CA 95051, USA	Customer Email:	customerservice@lin-zhi.com
	Company Website:	www.lin-zhi.com

**Product Name:** Urinalysis Drugs of Abuse (DAU) Enzyme Immunoassay (EIA) and Enzymatic Assay Diagnostic Reagents

<b>Reference Number:</b>	0290, 0291	6-Acetylmorphine	0100, 0101	Amphetamines 500
	0040, 0041	Amphetamines	0140, 0141	Barbiturate
	0130, 0131	Benzodiazepine	0270, 0271	Buprenorphine
	0070c, 0071c	Cannabinoid (cTHC)	0370, 0371	Carisoprodol Metabolite (Meprobamate)
	0340, 0341	Cocaine Metabolite 150	0030, 0031	Cocaine Metabolite
	0480, 0481	Cotinine	0520, 0521	Cotinine II
	0160, 0161	Ecstasy (MDMA)	0220, 0221	Ethyl Alcohol
	0490b, 0491b	Ethyl Glucuronide	0530, 0531	Ethyl Glucuronide III
	0560, 0561	Fentanyl	0590, 0591	Fentanyl II
	0380, 0381	Hydrocodone 100	0390, 0391	Hydrocodone 300
	0660, 0661	Ketamine	0110, 0111	Methadone
	0630, 0631	Methadone II	0190, 0191	Methadone Metabolite (EDDP)
	0190b, 191b	Methadone Metabolite (EDDP)	0350, 0351	Methamphetamine
	0020b, 0021b	Opiate	0330, 0331	Opiate 2000
	0240b, 0241b	Oxycodone	0610, 0611	Oxycodone III
	0010, 0011	Phencyclidine	0120, 0121	Propoxyphene
	0500, 0501	SPICE I (JWH-018/JWH-073/AM2201)	0510, 0511	SPICE II (UR-144/XLR-11)
	0410, 0411	Tramadol		

**Description:** Enzyme immunoassay (EIA) and enzymatic assay diagnostic reagents to test for drugs of abuse in urine. Each kit box contains two bottles: Reagent 1 and Reagent 2. For further information, please go to the product insert link included inside of the box or go to [www.lin-zhi.com](http://www.lin-zhi.com).

**SECTION 2: HAZARDS IDENTIFICATION**

**Classification:** The product is not considered a hazardous mixture. It contains a trace quantity amount (< 0.1 % w/v) of sodium azide (NaN<sub>3</sub>, CAS No. 26628-22-8) which is added as a preservative. Trace amounts of acids and bases have been used only during product processing and to balance the pH of the product. Testing of the product itself to determine health hazards has not been performed. The product does not contain carcinogens. Reagents may contain antibodies which originate from an animal source.

**Labeling:** The product label states the product contains sodium azide (0.09 %) as preservative.

**Symbol:** N/A

**Hazard Statement:** N/A

**Precautionary Statements:** Although sodium azide is only < 0.1 % w/v of the product, the Precautions and Warning section of the product insert states:

- *Harmful if swallowed.*
- *Reagent contains sodium azide preservative, which may form explosive compounds in metal drain lines. When disposing such reagents or wastes always flush with a large volume of water to prevent azide build-up. See National Institute for Occupational Safety and Health Bulletin: Explosive Azide Hazards.*
- *Do not use the reagents beyond their expiration dates.*

**SAFETY DATA SHEET: EU Urinalysis Drugs of Abuse Enzyme Immunoassay and Enzymatic Assay Reagents**

**SECTION 3: COMPOSITION/INFORMATION ON INGREDIENTS**

There is no hazardous ingredient present in the product which is above its appropriate cutoff levels according to the Globally Harmonized System (GHS). The cutoff level for ingredients causing respiratory/skin sensitization, reproductive toxicity, carcinogenicity, and category 1 mutagenicity is  $\geq 0.1\%$ . The cutoff level for all other hazard classes is  $\geq 1\%$ . Therefore no components need to be disclosed according to the applicable regulations.

**SECTION 4: FIRST AID MEASURES**

**Potential Routes of Exposure:** Skin contact, eye contact, and accidental ingestion. Inhalation is highly unlikely.  
**Skin contact:** Wash affected area thoroughly with soap and water. Remove contaminated clothing and shoes.  
**Eye contact:** Flush with plenty of water for at least 15 minutes.  
**Ingestion:** If swallowed, wash out mouth with water and drink plenty of water.  
*If adverse symptoms are experienced, contact a physician as a precautionary measure.*

**SECTION 5: FIRE FIGHTING MEASURES**

**Suitable Extinguishing Media:** Typical media is suitable.  
**Unsuitable extinguishing media:** None are known.  
**Specific hazards in case of fire:** None are known.  
**Special protective equipment and precaution for fire fighters:** Use the typical equipment and precautions. There is a recommendation to wear a self-contained breathing apparatus.

**SECTION 6: ACCIDENTAL RELEASE MEASURES**

**Personal Precautions:** If the liquid product is spilled, take the proper precautions to minimize exposure to it by wearing the appropriate personal protective equipment (PPE).  
**Cleaning Methods:** Quarantine the spill area and minimize spreading of spilled liquid. Soak up the liquid with a suitable absorbent material such as a mat pad. Clean the spill area thoroughly with soap and water. When disposing of the product by means of plumbing, always flush with a large volume of water to prevent long-term sodium azide accumulation in the metal plumbing. Observe and obey federal, state, and local laws and ordinances regarding proper disposal practices.  
**Environmental Precautions:** Collect the spilled liquid, absorbent material, and rinse water into suitable containers for proper disposal in accordance with applicable waste disposal regulations. Prevent runoff into sewers, storm drains, surface waters, and soil.

**SECTION 7: HANDLING AND STORAGE**

**Handling:** Wear PPE such as gloves, lab coats, and safety glasses as necessary. Avoid contact with eyes or skin.  
**Storage:** Keep the product tightly closed. Store at 2-8°C. Do not expose to extreme temperatures.

**SECTION 8: EXPOSURE CONTROL/PERSONAL PROTECTION**

**Occupational Exposure Limits:** There are no established exposure limits for this product.  
**Personal Protective Equipment (PPE)**  
**Eye Protection:** Wear safety glasses with side shields. Have eye wash stations available as a precaution.  
**Skin Protection:** Wear lab coat over clothing and gloves.  
**Respiratory Protection:** Inhalation is unlikely.

## **SAFETY DATA SHEET: EU Urinalysis Drugs of Abuse Enzyme Immunoassay and Enzymatic Assay Reagents**

### **SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES**

	<b><u>Reagent 1</u></b>	<b><u>Reagent 2</u></b>
<i>Physical state:</i>	Liquid	Liquid
<i>Appearance:</i>	Transparent	Transparent
<i>Odor</i>	No odor	No odor
<i>pH:</i>	~5.0	~7.2 to 8.2
<i>Flammable Liquid:</i>	No	No
<i>Solubility:</i>	Soluble in Water	Soluble in Water
<i>Specific Gravity:</i>	~1.0	~1.0

### **SECTION 10: STABILITY AND REACTIVITY**

**Chemical Stability:** Stable under normal conditions of use.

**Possibility of hazardous reactions:** Although sodium azide is < 0.1% w/v of the product, sodium azide build up may occur over time in metal plumbing if the product is not properly disposed, leading to explosive and shock sensitive components. An extra precaution is to schedule a routine assessment of the plumbing system.

**Conditions to Avoid:** Sodium azide build up in metal plumbing may be avoided by flushing the product with a large volume of water when disposing of it. Additionally, introducing the reagent to acidic conditions below a pH of 4.8 should be avoided.

**Materials to Avoid:** None are known.

**Hazardous Decomposition Products:** None are known.

### **SECTION 11: TOXICOLOGICAL INFORMATION**

**Skin (Irritancy and Acute Toxicity):** No data is available.

**Eye (Irritancy and Acute Toxicity):** No data is available.

**Ingestion:** No data is available.

**Chronic Toxicity (Target Organ Effects):** No data is available.

**Mutagenicity:** No data is available.

**Inhalation:** No data is available. Low risk of inhalation.

### **SECTION 12: ECOLOGICAL INFORMATION**

**Persistence and Degradability:** No data is available.

**Bio-accumulative potential:** No data is available.

**Mobility:** No data is available.

**Aquatic Toxicity:** No data is available.

### **SECTION 13: DISPOSAL CONSIDERATION**

The proper disposal method consists of running a large volume of water with the disposal of the product and/or product wastes in order to prevent sodium azide buildup in metal plumbing. Dispose of the product separately from other waste materials. Follow applicable local, state, and federal regulations for disposal, as some guidelines may require more precautionary measures for disposal of dilute sodium azide reagents, such as segregation of the waste products and treatment.

**SAFETY DATA SHEET: EU Urinalysis Drugs of Abuse Enzyme Immunoassay and Enzymatic Assay Reagents**

**SECTION 14: TRANSPORT INFORMATION**

These goods are not hazardous and are not regulated for transport by IATA.

**Proper Shipping Name:** *In vitro* diagnostic device reagents for testing drugs of abuse

**Hazard Class:** Non-hazardous

**Packing Group:** N/A

**Marine Pollutant:** No

**Note:** These are perishable, liquid products. The products are packed with ice to maintain an approximately 2-8°C temperature range during transit. The marking of “up” arrows on the packaging box denote the direction the box should be placed in order to keep the products upright.

**SECTION 15: REGULATORY INFORMATION**

The regulatory data in this section is not intended to be all-inclusive, only a selected regulation is represented.

European Inventory of Existing Commercial Chemical Substances / European List of Notified Chemical Substances (EINECS / ELINCS) No. for Sodium Azide: 247-852-1.

**SECTION 16: OTHER INFORMATION**

**SDS Revision:** 4

**SDS Preparation Date:** April 08, 2022

**Disclaimer:** This information is accurate to the best of LZI’s knowledge. Since the products may be used under conditions beyond the company’s control, LZI does not assume any responsibility for the results of such usage. With the information provided on this SDS, customers receiving LZI products shall make their own determination of the effects, properties, and measures pertaining to their usage conditions. No warranty or guarantee, expressed or implied, is made concerning the safe use of this product.
